WRITER GUIDELINES

- First of all, thank you for writing for us! We appreciate all the effort, thought, research, and skill that go into writing a good article. We value all your hard work and your contributions to the success of our publication.
- Submit your article in Microsoft Word format via e-mail to **dantoline@wiley.com**. Use 12-point, Times type.
- Include a headline and byline in your document. Also, at the end of the document, include the full name, degrees, title, and affiliation with city and state for all co-authors.
- Don't use:
 - Double spaces between words.
 - Embedded references (instead manually insert the numbers as superscript numbers, with a numbered reference list at the end of the article).
 - Abbreviations.
 - All caps in running text.
- Do use:
 - Credentials after the first complete reference to a source (e.g., David Pisetsky, MD, PhD, and thereafter Dr. Pisetsky).
 - The *AMA Manual of Style* when creating your reference section.
 - Double-line spacing throughout.
 - Present-tense throughout (e.g., “Dr. Pisetsky says” instead of “Dr. Pisetsky said”).
 - High-resolution images. If you're submitting a photo, we accept both hard copy photos and also electronic images that are 300 dpi in resolution or greater.
 - Figures and tables. Please include captions for figures.
 - Acronyms, but on first use spell out the words, followed by the acronym in parenthesis [e.g., disease modifying anti-rheumatic drugs (DMARDs)].
